

One wrong termination could cost you \$50,000+

And most small business owners don't even know
if their contracts and policies are compliant.

If you employ people in QLD and don't have an in-house HR manager - this is for you.

-> Are your employment contracts actually legal?

-> Do you have a Sexual Harassment Prevention Plan? (Mandatory since March 2025)

-> What would you do if an employee claimed unfair dismissal tomorrow?
